COMPANY DETAILS

ADANI GROUP-MUNDRA SOLAR (ADANI SOLAR)

Adani Solar is the Solar PV manufacturing and EPC arm of Adani Group, a diversified organization in India with a combined market cap of \$100 Bn comprising 6 publicly traded companies. It has created world class transport and utility infrastructure portfolios with a Pan-India presence. Adani Solar is India's first and largest vertically integrated solar company that offer products along with services across the spectrum of photovoltaics' manufacturing. The cutting-edge technology, with machines and equipment sourced from the best in class suppliers, aim to help in cost leadership, scale of operations and reliability standards as per global benchmarks. Currently, Adani Solar has 3.5 GW of solar cell and module manufacturing capacity, making it in the top 15 global solar manufacturers. The cutting edge technology, with machines and equipment sourced from the best in class producers, aim to help in cost leadership, scale of operations and reliability standards as per global benchmarks in Asia, Europe, Australia and

North America. Adani Solar (Mundra Solar PV Ltd) is the Solar PV manufacturing & EPC arm of the Adani Group, a \$13 billion global conglomerate with businesses spanning across Resources, Logistics, Energy, Agri and ancillary industries. Adani Solar is the first Indian company to vertically integrate businesses that offer services across the spectrum of photovoltaics manufacturing and integration. Our state-of-the-art manufacturing facility with multi-level infrastructure is optimised for scaling to 3.5 GW of modules and cells under a single roof. We are located in one of the world's largest Special Economic Zones, which hosts the entire solar manufacturing ecosystem from polysilicon to modules, including supporting utilities. Our scale of operations and cutting-edge production technology, with machines and equipment sourced from best in class producers, helps make us a cost leader with reliability standards meeting or exceeding global benchmarks.
