

BITT POLYTECHNIC

Approved by AICTE, New Delhi; Affiliated to Jharkhand University of Technology, Ranchi; Recognised by DHTE, Govt. of Jharkhand

DEPARTMENT OF TRAINING, PLACEMENT, CONSULTING, INNOVATION & RESEARCH (DTPCIR)

An Initiative towards Youth Empowerment operates as an integral part of

BNYPC (BITT National Youth Placement Cell) established by the Birsa Institute of Technology (Trust) in association with BITT Polytechnic, provides equal opportunities for all college students, regardless of economic background. It focuses on skill development, industry exposure and employment, bridging the gap between education and careers through the BITT Group of Institutions.

DTPCIR focuses on Professional and Career Development through The B-CREDIT (a program run according to the nectar call of freedom as per the National Education Policy) and The NPERG (based on cutting-edge research, placement, and growth in world-class companies across the globe, in multiple disciplines of education), making it "An Initiative Towards Youth Empowerment".

Autoliv

Saving More Lives

AUTOLIV INFLATORS INDIA PVT LTD

We believe that no one should have to be seriously injured or lose their life in a traffic accident. Every day, we strive towards this belief by making innovative products of superior quality. We work in close partnership with our customers and suppliers, and our global teams collaborate across functions and geographies to meet the needs of our customer.

As the global leader in our industry, Autoliv can offer you an attractive working environment with challenging projects in many interesting fields. We are looking for professionals, experts, and leaders who want to grow and help drive us forward to create our continued success.

Autoliv, Inc. is a US-domiciled, Swedish-headquartered automotive safety supplier with sales to all leading car manufacturers worldwide. Together with its joint ventures, Autoliv has over 68,000 employees in 27 countries, of whom 5700 are involved in research, development and engineering. In addition, the company has 14 technical centers around the world, including 20 test tracks, more than any other automotive safety supplier.

The group is among the largest Tier 1 automotive suppliers in the world, with annual revenues exceeding US\$8 billion, and is part of the Fortune 500, ranking #289 in 2018.

Autoliv is headquartered in Stockholm, Sweden. In the United States, Autoliv, Inc. is incorporated in Delaware, USA. The company's shares are listed on the New York Stock Exchange and its Swedish Depository Receipts on the Nasdaq Stockholm.

History

Autoliv was founded in Vårgårda, Sweden in the form of Auto Service AB in 1953 by Lennart Lindblad. In 1956, the company became a pioneer in seat belt technology when it began production of two-point seat belts. The name of the company was changed to Autoliv AB in 1968. It was bought in 1974 by Granges Weda AB, inventors of the retractable seat belt. Granges Weda was acquired in turn in 1989 by Electrolux and changed its name to Electrolux Autoliv AB. During the 1980s and 1990s, the company grew through acquisitions, mainly in Europe. Between 1994 and 1997 the company was listed on the Stockholm Stock Exchange under the name of Autoliv AB and in 1997 it merged with the American firm Morton ASP Inc to form Autoliv Inc. In June 2018, the company spun off its Electronics business into a separate company Veoneer Inc.

In November 2019, Autoliv selected Fredrik Westin as Chief Financial Officer and Executive Vice President, succeeding Interim CFO Christian Hanke.

Products

The company develops, manufactures and markets safety systems (estimated market share of approximately 42% in 2020) such as airbags, seatbelts, steering wheels, and passive safety electronics. It also produces pedestrian protection systems.
