#### HAWKINS COOKERS

Founded in 1959, Hawkins Cookers Ltd. is a professionally managed, public limited Company. In the Financial Year 2019-20, sales were Rs. 674 crores, up 3%, and Profit After Tax was Rs. 72 crores, up 34% over the previous financial year. Hawkins is the leader in the Pressure Cooker market and has diversified successfully into the Cookware market. Hawkins has offices in Mumbai and factories in Thane. Hawkins is known for its fair policies and ethical practices. Hawkins emphasises incentive payment by results and selection and promotion purely on merit. Hawkins has a well-established Management Training Program which leads to jobs in the Management cadre in 18 months. Trainees who successfully complete training, are confirmed with an appropriate increase in salary and benefits. Hawkins Cookers Limited has been in business since 1959. Today, it has two offices, three factories and about 700 persons working. It is the leader in the pressure cooker market in India and has exported its products since 1974 to various countries in each of the six continents of the world.

Hawkins has sold over 95 million pressure cookers and cookware worldwide. All Hawkins pressure cookers are listed by Underwriters Laboratories Inc., USA, an independent Worldwide institution testing. Each pressure cooker made by Hawkins features an inside fitting lid. This design is inherently safer than conventional pressure cookers. To open any Hawkins cooker, you have to first lower the lid slightly into the body of the cooker; and that cannot be done until the steam pressure inside the cooker falls to a safe level. Thus Hawkins pressure cookers are pressure-locked for safety - like a jetliner door! The Hawkins Company is well known for not compromising on quality and for continual product innovation. The most thorough research and development, the most careful selection of materials, the best manufacturing practices and the strictest quality control - all go into making pressure cookers which are trusted by the millions of families using them.

Each cooker is tested to be leak-proof. Along with a superior pressure regulating system, this ensures that Hawkins cooks quickest. Each pressure cooker comes individually packed in an attractive full-color carton. Cookbooks/Instruction Manuals come free with each pressure cooker. All Hawkins pressure cookers are guaranteed for five years.
