TATA MAGNA AUTOMOTIVE SEATING SYSTEMS LIMITED

TM Automotive Seating system was incorporated in 20th March 2015 and is a 50:50 joint venture company between Tata AutoComp Systems and Magna Seating of America. TM Automotive seating system is into designing and manufacturing of seating systems for passenger cars, SUV and commercial vehicles. TM Seating have manufacturing footprints in Pune, Maharashtra and Dharwad, Karnataka. Engineering Capabilities: TM Automotive Seating System deals with the designing, developing, manufacturing, testing and repairing and servicing automobiles such as cars, trucks, motorcycles, scooters etc & the related sub Engineering systems. One of TM Automotive Seating systems strongest assets is their team of talented and experienced engineers in mechanical, manufacturing, and electronic. They are dedicated to providing remarkable engineering services in design, tool making, product validation and manufacturing set up. Such multi-disciplinary experience handles a wide range of products which provides a competitive edge in engineering development over other manufacturers. We are

bringing power to the wheels with electrified powertrain solutions, managing air flow through active aerodynamics, and optimizing vehicle weight with new material innovations all play a key role. We are making sure exceptional driving experiences don't need to come at the expense of the planet. Manufacturing & Testing Facilities: TM Automotive Seating Systems has JIT assembly lines for front and rear seating systems. The plant also includes an assembly line and welding facilities for manufacture of frame and structures. TM Automotive Seating Systems has invested in a large testing facility that tests each seat for Ingress- Egress, Durability, Comfort and Safety
