DEPARTMENT OF TRAINING, PLACEMENT, CONSULTING, INNOVATION & RESEARCH (DTPCIR)

Dated: 27/03/2023

NOTICE

All the students of diploma on (EE, ECE, CSE) branches of sessions: 2020-23, 2019-22, 2018-21, 2017-20, 2016-19, 2015-18 are hereby informed that "ASPEN ENGGICON PRIVATE LIMITED, RANCHI" is shortly going to do online/ offline /recruitment/ Apprenticeship/ placement program.

ASPEN ENGGICON PRIVATE LIMITED, RANCHI

Aspen Enggicon Private Limited - Service Provider of technical-consultancy service, solar products & iso certification services since 2015 in Ranchi, Jharkhand. The engineering design process is a series of steps that engineers follow to come up with a solution to a problem. Many times the solution involves designing a product that meets certain criteria and/or accomplishes a certain task. Providing solutions in the existing design with the latest technology. We provide engineering services and expertise to companies in need of a specialized skill-

set. experienced engineers able to provide short-term technical advice. We work with clients to define solutions to problems or to help determine and recommend the best course of action for a given initiative. Engineering consulting services can save time, effort, and money for companies that do not have the knowledge or expertise for handling a specific task.

Social impact assessment (SIA) is a methodology to review the social effects of infrastructure projects and other development interventions. Although SIA is usually applied to planned interventions, the same techniques can be used to evaluate the social impact of unplanned events, for example disasters, demographic change and epidemics.

Environmental assessment (EA) is the assessment of the environmental consequences (positive and negative) of a plan, policy, program, or actual projects prior to the decision to move forward with the proposed action. It is usually used when applied to actual projects by individuals or companies and the term "strategic environmental assessment" (SEA) applies to policies, plans and programme most often proposed by organs of state. Displacement is a process by which development projects cause people to lose land or other assets, or access to resources. Resettlement or rehabilitation is a process by which those adversely affected are assisted in their efforts to improve, or at least to restore, their incomes and living standards.

Electrical Safety Audit has become crucial to the proper maintenance of the facility. In addition, rising fuel costs coupled with increased global competition is forcing industries/buildings and other facilities to slash energy costs. Electrical Safety Audit is conducted to investigate if complaints and concerns by workers regarding electrical safety is substantiated and if there are other electrical safety or general safety hazards at the facility that should be addressed. The audit focuses on current electrical safety conditions, and selected other safety measures for the facility.
