(An Initiative towards Youth Empowerment)

All the students of diploma on Mechanical / Automobile / Production branches of sessions: 2020-23 are hereby informed that **"BAJAJ AUTO LIMITED"** is shortly going to do online/ offline /recruitment/Apprenticeship/ placement.

BAJAJ AUTO LIMITED

Founded by Jamnalal Bajaj, a freedom fighter, philanthropist and a close confidant of Mahatma Gandhi, the Bajaj Group, is one of the most respected and renowned business houses of India. The journey started eighty years back with a sugar factory in Lakhimpur Kheri, Uttar Pradesh.

With growth as the ultimate vision, the group has diversified into a variety of business areas.

Over a century ago, a philanthropist instinctively took the unprecedented step of using business to serve society. He was the founder of the Bajaj Group, Mr. Jamnalal Bajaj. He strongly believed that, 'common good was more important than individual gain'. His philosophy which has stood the test of time, was successfully taken forward by his sons Mr. Kamalnayan Bajaj and Mr. Ramkrishna Bajaj and is now spearheaded by Mr. Rahul Bajaj. This has taken the group to higher levels of success and respect. The Group now stands tall in the Corporate World. The Group has a market capitalization of about Rs. 8,55,000 crores (about US\$ 105 billion) with 40 Group Companies and approximately 36,000 employees. It offers an extensive range of products and services including motorised two and three wheelers, home appliances, electric lamps, wind energy, special alloys and stainless steel, cranes, material handling equipment, travel, general and life insurance and investment, consumer finance and asset management.

For society however, Bajaj is more than a corporate identity. It is a catalyst for social empowerment. It is the reason behind the smile that lights up a million faces. Its goodwill resonates in the two simple words that live in the collective consciousness of Indians – Hamara Bajaj.

With more than 18 million motorcycles sold in over 70 countries, the Bajaj brand is truly 'The World's Favourite Indian'. It is India's No.1 motorcycle exporter with two out of three bikes sold internationally carrying a Bajaj badge. The company is also the world's largest manufacturer of three-wheelers. Bajaj Auto is the first two-wheeler and three-wheeler company in the world to have reached a market capitalisation of INR one trillion and continues to be the world's most valuable two and three-wheeler company. Bajaj is loved not only in India but 70 countries around the world. From motorcycles to three-wheelers and now quadricycles, from Mumbai to Mexico City and Bogota to Bengaluru, there's a Bajaj for everyone. In September 1986, Bajaj Motors initially started as a machining unit with backward integration of forging and casting for auto Components and started its commercial production in 1989, and ever since then, Bajaj Motors Limited has taken precision forging to another level with its excellence in commitment and unbeatable quality. Since then, the company has delighted customers who have made it earn continuous growth year after year. Bajaj Motors is a one-stop solution as a quality supplier of machined components, assembled components, forging components, casting components, and export components catering to all vehicle segments that include two-wheelers, four-wheelers, tractors, heavy equipment, and industrial products for overseas and domestic markets.
