BITT-G/NOTICE/2022-23/ 10785

Dated: 16/05/2023

NOTICE

(An Initiative towards Youth Empowerment)

All the students of diploma on EE, ECE, CE, ME of sessions: 2019-22, 2018-21, 2017-20, 2016-19, 2015-18 are hereby informed that **"DAMODAR VALLEY CORPORATION"** is shortly going to do online/ offline /recruitment/ Apprenticeship/ placement program.

DAMODAR VALLEY CORPORATION

The Damodar Valley Corporation, popularly known as **DVC**, is the first multipurpose river valley project of independent India. The corporation came into being on July 7, 1948 by an Act of the Constituent Assembly of India (Act No. XIV of 1948). It is modeled on the Tennessee Valley Authority of the USA. Jawaharlal Nehru, prime minister of India, Dr. B.C.Roy, chief minister of West Bengal and Sri Krishna Sinha, chief minister of Bihar, took personal interest to ensure early success of the project.

The initial focus of the DVC was flood control, irrigation, generation, transmission and distribution of electricity, eco-conservation and afforestation, as well as job creation for the socio-economic well-being of the people residing in and around areas affected by DVC projects. However, over the past few decades, power generation has gained priority. Other objectives of the DVC, however, remain part of its primary responsibility. The dams in the valley have a capacity to moderate peak floods of 650,000 to 250,000 ft³/s. DVC has created irrigation potential of 3640 square kilometres. The valley of the Damodar River was flood prone and the devastating flood of 1943, led to the formation of the high-powered "Damodar Flood Enquiry Committee" by the government of Bengal. The committee recommended the

formation of a body similar to the Tennessee Valley Authority of the United States. Subsequently, W.L. Voorduin, a senior engineer of TVA, was appointed to study the problem. He suggested the multi-purpose development of the valley as a whole in 1944. Damodar Valley Corporation was set up in 1948 as “the first multipurpose river valley project of independent India.

DVC was formed with the central government and the governments of Bihar (later Jharkhand) and West Bengal participating in it. The main aims of the corporation were flood control, irrigation, generation and transmission of electricity, and year-round navigation. The corporation was also expected to provide indirect support for the over-all development of the region. However, while Voorduin had proposed the construction of eight dams,

Four consultants appointed by the Government of India examined it. They also approved the main technical features of Voorduin's scheme and recommended early initiation of construction beginning with Tilaiya to be followed by Maithon. By April 1947, full agreement was practically reached between the three Governments of Central, West Bengal and Bihar on the implementation of the scheme and in March 1948, the Damodar Valley Corporation Act (Act No. XIV of 1948) was passed by the Central Legislature, requiring the three Governments, The Central Government and the State Governments of West Bengal and Bihar to participate jointly for the purpose of building the Damodar Valley Corporation. The Corporation came into existence on 7 July 1948 as the first multipurpose river valley project of independent India.

JOB DETAIL:

Job Role: Junior Engineer (JE)

Educational Qualification: Diploma of EE, ECE, CE, ME.

Diploma passing year: sessions: 2019-22, 2018-21, 2017-20, 2016-19, 2015-18.

Stipend: Rs 35,400/- to 1,12,400/- in Pay Matrix Level 6

Vacancy: Multiple

Location: All over India.

Last date of online registration is **26/05/2023.**

RECRUITMENT PROCESS:

Online/ offline / Apprentices/recruitment/ placement program
