LARSEN & TOUBRO LIMITED

COMPANY DETAILS:

L&T LIMITED

Larsen & Toubro is a major technology, engineering, construction, manufacturing and financial services conglomerate, with global operations. L&T addresses critical needs in key sectors - Hydrocarbon, Infrastructure, Power, Process Industries and Defence - for customers in over 30 countries around the world. L&T is engaged in core, high impact sectors of the economy and our integrated capabilities span the entire spectrum of 'design to deliver'. With 8 decades of a strong, customer focused approach and a continuous quest for world-class quality, we have unmatched expertise across Technology, Engineering, Construction, Infrastructure Projects and Manufacturing, and maintain a leadership in all our major lines of business. Every aspect of L&T's businesses is characterized by professionalism and high standards of corporate governance. Sustainability is embedded into our long-term strategy for growth. The Company's manufacturing footprint extends across eight countries in addition to India. L&T has several international offices and a supply chain that extends around the globe.

Over the past years, the Digital Transformation of L&T Construction has been an industry game changer, laying a blueprint for Digitalization across all L&T businesses. Our objective is to utilize the power of new and emerging technologies to make significant improvements to our business - save costs, improve.

Headquartered in Mumbai, Larsen & Toubro Limited is one of the largest and most respected companies in India's private sector. With over 80 years of a strong, customer focused approach and a continuous quest for world-class quality, L&T has unmatched capabilities across Technology, Engineering, Construction, and Manufacturing, and maintains a leadership in all its major lines of business. A decade of sustainability practices and reporting has seen L&T post encouraging results across each of the triple bottom-lines - economic, environmental and social. Our Sustainability Report has been replaced by an Integrated Report which tracks the sustainability performance of the organisation and its interconnectedness with the financial performance, showcasing how L&T is adding value to its stakeholders.

Technology is a major growth enabler in the world in which we operate, and we, at L&T are at the forefront of it. Our strategy is to use our technology platforms and innovation techniques to make lives better and sustainable for all. From enhancing operating efficiencies, building connected teams and businesses, supporting communities and local authorities to strengthening analytics and governance — technology is deeply embedded in everything that we do. Even in a year eclipsed by uncertainty, we accomplished a creditable performance and registered growth in key performance parameters; and our technology prowess continues to serve as a reliable springboard to sustain our leadership across high-potential markets.

Despite major headwinds in the operating environment, we continue to be strong with enduring relationships with customers and partners, robust scale and footprint, a diversified business mix, and a resilient business model. We are identifying material issues that are core to our business sustainability through continuous engagement with stakeholders and leveraging technology to build industry-next systems and processes.

Sustainable growth for us is also about fostering a rich culture of caring, trust and continuous learning to succeed together with all stakeholders in the new world order. In our Integrated Report, we report on our wide-ranging initiatives to enable our stakeholders make an informed assessment of our ability to create value for all.
