#### TATA AUTOCOMP GOTION GREEN ENERGY SOLUTIONS

The **Tata Group** is an Indian multinational conglomerate headquartered in Mumbai. Established in 1868, it is India's largest conglomerate, with products and services in over 150 countries, and operations in 100 countries across six continents. Acknowledged as the founder of the Tata Group, Jamsetji Tata is sometimes referred to as the "father of Indian industry". There are 29 publicly-listed Tata Group companies with a combined market capitalisation of \$311 billion as of March 2022. Significant affiliates include Tata Consultancy Services, Tata Consumer Products, Tata Motors, Tata Power, Tata Steel, Voltas, Titan Company, Tata Chemicals, Tata Communications, Trent, Indian Hotels Company, Air India, TajAir, Tata Advanced Systems, Tata Capital, Cromā, BigBasket and Tata Starbucks.

Jamshedji Nusserwanji Tata was born in 1839. Tata graduated from Elphinstone College in Bombay in 1858. Shortly afterwards, he joined his father's trading firm that dealt in general merchandise. There, the junior Tata took a special interest in developing trade with China. The Taj Mahal Palace Hotel in Mumbai is owned by Tata Group. When the American Civil War caused a boom in the Bombay cotton market, Tata and his father joined the Asiatic Banking Corporation. When the tide ebbed, Tata's credit was left desolate. Fortunately, the firm's credit was re-established during the next three years. A share in the lucrative contract for the commissariat of Napier's expedition to Abyssinia in 1868 restored the family

fortune." In 1870 with Rs. 21,000 capitals, he founded a trading company. Further, he bought a bankrupt oil mill at Chinchpokli and converted it into a cotton mill, under the name Alexandra Mill which he sold for a profit after two years. In 1874, he set up another cotton mill at Nagpur named Empress Mill. He dreamed of achieving four goals, setting up an iron and steel company, a unique hotel, a world-class learning institution, and a hydroelectric plant. During his lifetime, in 1903, the Taj Mahal Hotel at Colaba waterfront was opened making it the first hotel with electricity in British India. J. R. D. Tata was made chairman of the Tata Group in 1938. Under his chairmanship, the assets of the Tata Group grew from US\$101 million to over US\$5 billion. Starting with 14 enterprises, upon his departure half a century later in 1988, Tata Sons had grown to a conglomerate of 95 enterprises. These enterprises consisted of ventures that the company had either started or in which they held a controlling interest. New sectors such as chemicals, technology, cosmetics, marketing, engineering, manufacturing, tea, and software services earned them recognition. In 1932, JRD founded an airline, known as Tata Air Services (later renamed Tata Airlines). In 1953, the Government of India passed the Air Corporations Act and purchased a majority stake in the carrier from Tata Sons, though JRD Tata would continue as chairman till 1977. In 1945, Tata Motors was founded, first focused on locomotives. In 1954, it entered the commercial vehicle market after forming a joint venture with Daimler-Benz. In 1968, Tata Consultancy Services was founded.

In 1991, Ratan Tata became chairman of Tata Group. This was also the year of economic liberalization in India, opening up the market to foreign competitors. During this time, Tata Group began to acquire several companies. Tata Group bought Tetley in February 2000. After that, it acquired Corus Group in 2007. In the year 2008, it acquired Jaguar and Land Rover. The company's subsidiary Tata Motors launched the Tata Nano which they presented as "the world's most affordable car" in 2008. In 2017, Natarajan Chandrasekaran was appointed chairman. He was instrumental in restructuring business verticals and increasing promoter stake ownership in companies. Under his leadership, the group made acquisitions through insolvency law and investments in E-commerce, expanded its airline business by winning a bid for Air India, and completely bought Air Asia India. He has mentioned the future strategy is to focus on healthcare, electronics, and digital. Tata Owned Air India got approval to acquire AirAsia India, nearly two months after putting forth the proposal. The Competition Commission of India (CCI) approved the acquisition of the entire shareholding in Air Asia India by Tata-owned Air India.
