BITT-G/NOTICE/2022-23/ 10814

Dated: 22/06/2023

NOTICE

(An Initiative towards Youth Empowerment)

All the students of diploma on Mechanical / Automobile engineering of sessions: 2020-23, 2019-22, 2018-21, 2017-20, 2016-19 are hereby informed that **“TATA PUNCH POWERTRAIN (Belgium based MNC jointly ventured with TATA)”** is shortly going to do online/ offline /recruitment/ Apprenticeship/ placement program.

TATA PUNCH POWERTRAIN

Belgium based MNC jointly ventured with TATA

The Tata Punch was crash-tested by Global NCAP in 2021 (similar to Latin NCAP 2013) in its most basic safety specification of two airbags, anti-lock brakes and ISOFIX anchorages. It achieved the maximum five-star rating for adult protection, showing a stable passenger compartment in the frontal offset crash, negligible pedal intrusion and no rupture of the footwell. Everybody region showed either acceptable or good protection in the frontal crash. The Punch is fitted with a pretensioner even for the lower anchorage of the driver's seatbelt, which helped Tata demonstrate (using a complex Euro NCAP sled test) that sharp structures behind the fascia would not increase risk of injury to the knees of differently sized occupants. The Punch was also required to pass an ECE regulatory side impact test to achieve the maximum five-star rating. The Punch is not fitted with side airbags but could pass the requirements of this minimum regulatory test.

Tata chose to place both child occupants facing rearward, following the latest i-Size recommendations. This helped the Punch achieve a full score for dynamics. However, Global NCAP noted that the Punch

offers only a lap belt in the rear centre seat, which limited its score because this type of seatbelt cannot fit a universal child seat. This type of restraint can also seriously injure the spine or abdomen of an adult occupant in a crash. The Punch does not offer electronic stability control, and it does not offer body or head protecting side airbags.

The concept was revealed as H2X compact SUV (codenamed Hornbill) at the 89th Geneva International Motor Show in 2019, followed by the near-production HBX concept at the Auto Expo 2020. On 23 August 2021, the vehicle was revealed with the name Punch. The car was unveiled on 4 October 2021. It is powered by a 1.2-litre Revotron three-cylinder petrol engine which shared with the Altroz, Tiago, and Tigor.

JOB DETAIL:

Job Role: Trainee

Educational Qualification: Diploma of Mechanical /Automobile engineering.

Diploma passing year: sessions: 2020-23, 2019-22, 2018-21, 2017-20, 2016-19.

Salary: Gross 15500 /- P.M.

Other Facilities: Subsidised Canteen Facility

Vacancy: 150

Location: Pune (Maharashtra)

Payroll: On roll

Last date of online registration is **25.06.2023**

RECRUITMENT PROCESS:

Online/ offline / Apprentices/recruitment/ placement program

Telephonic / Video Interview

DOCUMENTS REQUIRED (In Joining):

1. PAN Card
2. AADHAR Card
3. 10th /12thMark sheet
4. Board Certificate
5. Diploma Semester wise Mark sheet and Certificate.

NOTE:

- a. The interested students should fill their details at available Link: <https://forms.gle/eeYnp3GXUE5y5LTh7> on or before 25.06.2023 up to 11:59 PM, for attending the online placement program.
- b. The above notice has been shared from the authentic source like advertisements/print media/newspaper/ journals/recruiters/ public/ private sectors. The aim of the institute is to make an advanced level awareness of the vacancies in public as well as private sectors for recruitments/ placements of diploma students as per company's recruitment policies.
